## Travel

Girona is located about 100 km north of Barcelona and can be reached from there by bus, train, or car.

### **By Plane**

#### **Girona Airport – Costa Brava**

Ryanair provides travelers with several flights in spring, summer and autumn (in winter please check the availability) from several Spanish and European airports to Girona airport. Once there, you can take a bus or a taxi to the city center. The taxi to the city center costs about 20-30 euros (about 20 minute's trip). The Girona airport is located about 15 km from the city of Girona.

#### **Barcelona International Airport, Prat de Llobregat**

You could also fly to Barcelona and then take a train to Girona. There are regular trains from Barcelona airport (terminal 2) to Barcelona Sants railway station, where you will need to switch to other regular, or high-speed trains to Girona.

#### **Perpignan Airport, France**

The proximity to the French border offers the possibility of using this airport that is only 80 km away from Girona.

### **By Train**

There are regular inter-city (so-called *media distancia*) and high-speed trains (so-called AVE or AVANT) arriving at Girona railway station. Trains from Barcelona to Girona leave approximately every hour from Barcelona Estació de Sants. The journey takes about 45 minutes (high speed) 1h20m (*media distancia*) and the ticket costs from about 30€ (high speed) to 15 euros (*media distancia*). See Renfe

railway company for timetable and additional information ([www.renfe.es](http://www.renfe.es)). The Girona train station is located just 5 minutes by taxi or 20 minutes walking from the city center.

### **By Car**

Once in Barcelona, take the AP-7 motorway (towards Girona / France). Leave the motorway when you reach exit 7 (Girona Sud) and follow directions towards Girona city center.
