

Contributions to be presented at the Statutory Meeting.

Nos. 1-10 Statistics on Whiting Catches to Near Northern Seas Committee

- No. 1. Ireland.
  - 2. Norway.
  - 3. Sweden.
  - 4. Belgium.
  - 5. The Netherlands.
  - 6. German Federal Republic.
  - 7. Scotland.
  - 8. Denmark.
  - 9. France.
  - 10. England.
- 

Nos. 14-27 Administrative Reports

- No. 14. Administrative Report for the Year 1955-1956.
  - 15. Distant Northern Seas Committee.
  - 16. Near Northern Seas Committee.
  - 17. Baltic-Belt Seas Committee.
  - 18. Atlantic Committee.
  - 19. Comparative Fishing Committee.
  - 20. Gadoid Fish Committee.
  - 21. Herring Committee.
  - 22. Sardine Committee.
  - 23. Scombriform Fish Committee.
  - 24. Salmon and Trout Committee.
  - 25. Shellfish Committee.
  - 26. Hydrographical Committee.
  - 27. Plankton Committee.
- 

| Document No.: | Presented to:                 | Author:           | Title:  |
|---------------|-------------------------------|-------------------|---|
| 65            | Salmon and Trout Committee    | G. Alm            | Notes regarding the Salmon fisheries in the Baltic in the last years.       |
| 80            | Shellfish Committee           | L. R. H. Baird    | Some Notes on the Swimming Behaviour of Escallops pecten Maximus.           |
| 51            | Plankton Committee            | K. Banse          | On the behaviour of copepods in the stratified waters in the Bight of Kiel. |
| 74            | Comparative Fishing Committee | R. J. H. Beverton | Mesh Selection of North Sea Cod and Arctic Haddock.                         |

| Document No.: | Presented to:                 | Author:                | Title:  |
|---------------|-------------------------------|------------------------|---|
| 33            | Near Northern Seas Committee  | L. Birkett             | A Note on the Distribution of the Benthos of the Dogger Bank.   |
| 40            | Baltic-Belt Seas Committee    | P.G.Borisov            | Experimental and Commercial Fishing in the USSR with the help of Electrical Light.                                |
| 71            | Comparative Fishing Committee | A. von Brandt          | Selectivity of manila and 'perlon' cod-ends.  |
| 56            | Herring Committee             | A.C.Burd               | The North Shields Fishery, 1949-55.   |
| 31            | Hydrographical Committee      | J.N.Carruthers         | Some simple new instruments for the observation of currents, waves, and wire angle.                               |
| 66            | Salmon and Trout Committee    | F. Chrzan              | Results of Investigations on Salmon and Trout in Polish Fisheries.  |
| 72            | Atlantic Committee            | R. Coupé               | Quelques Données sur la Biologie du <i>Dentex macropthalmus</i> (C.V.) des Côtes Atlantiques Marocaines.          |
| 76            | Sardine Committee             | J. Cuesta              | Conditions Hydrologiques et Pêche de la Sardine et de l'Anchois - Côte Cantabrique 1956.                          |
| 38            | Herring Committee             | D.H.Cushing            | On the Herring of the Southern North Sea.   |
| 39            | Baltic-Belt Seas Committee    | T.F.Dementjeva         | Méthode d'observation de la Survie des poissons aux stades précoces (sur l'exemple de l'anchois et du strömling). |
| 34            | Hydrographical Committee      | G. Dietrich            | On fluctuations of deep-sea circulation in the northern North Atlantic Ocean. (No MS).                            |
| 79            | Hydrographical Committee      | x) J.Eggvin            | A bank discovered between Jan Mayen and Greenland and the water around it. (No MS).                               |
| 67            | Plankton Committee            | J.H.Fraser & G.Thorson | Report on Plankton Identification Sheets.   |
| 49            | Plankton Committee            | J.Grøntved             | Investigations on the productivity of the microscopic bottom vegetation. (No MS).                                 |
| 36            | Gadoid Committee              | J. Gulland             | The English Hake Fishery, with particular reference to the effect of fishing on the stocks.                       |
| 62            | Shellfish Committee           | B.Havinga              | The influence of the shrimp fishery ( <i>Crangon vulgaris</i> ) on the stock.                                     |
| 63            | Hydrographical Committee      | F.Hermann              | Influence of overflow over the Scotland-Greenland Ridge on the bottom water of the northern North Atlantic.       |
| 48            | Plankton Committee            | Nils Jerlov            | A method of quick determinations of the particle content in a water sample.                                       |
| x) 78         | Hydrographical Committee      | J.Eggvin               | Some results of new oceanographical Researches in the Norwegian Sea.  |

| Document No.: | Presented to:                 | Author:                            | Title:   |
|---------------|-------------------------------|------------------------------------|--|
| 69            | Comparative Fishing Committee | x) G. Klust                        | Changes in diameter of net twines by water.  |
| 46            | Hydrographical Committee      | W. Krauss                          | Some remarks on recent charts relating to the distribution of temperature, salinity and density at the surface of the northern North Atlantic Ocean. |
| 35            | Statistical Committee         | J. Lundbeck                        | Some examples of misleading possibilities in effort statistics.  |
| 77            | Near Northern Seas Committee  | J. Lundbeck & D. Sahrhage          | An Estimate on the Destruction of undersized Haddock by German Steam Herring Trawling.   |
| 45            | Herring Committee             | K. Popp Madsen                     | Stock-Composition of the Young Herring in the Bløden Ground Area.  |
| 44            | Comparative Fishing Committee | A. R. Margetts                     | The Length-Girth Relationships in Whiting and Cod and their Application to Mesh Selection.   |
| 73            | Comparative Fishing Committee | A. R. Margetts                     | A mesh experiment with sisal, cotton and nylon cod-ends.   |
| 37            | Comparative Fishing Committee | A. R. Margetts & R. J. H. Beverton | Effect of cod-end meshes on the working characters of trawls.  |
| 41            | Gadoid Fish Committee         | N. A. Maslov                       | Some Results of Soviet Investigations into the Biology of Gadidae in the Barents Sea.  |
| 30            | Shellfish Committee           | James Mason                        | Nicotthoe astaci Audoin and Milne Edwards on the Gills of Orkney Lobsters.   |
| 54            | Hydrographical Committee      | L. van Meel                        | Le Milieu marin au Bateau-Phare "West-Hinder".   |
| 60            | Hydrographical Committee      | H. Mosby                           | Experimental Oceanography in the Norwegian Sea.  |
| 75            | Sardine Committee             | J. M. Navaz                        | L'Anchois à la Côte Basque (1954-1956).  |
| 43            | Salmon and Trout Committee    | G. V. Nikolsky                     | On Investigations of Salmonid Fish in the eastern part of North Atlantic carried out in the USSR.  |
| 50            | Plankton Committee            | A. P. Orr                          | Seasonal changes in the respiration of copepods.   |
| 64            | Herring Committee             | B. B. Parrish & R. E. Craig        | Recent changes in the North-Sea Herring fisheries.   |
| 57            | Comparative Fishing Committee | J. D. Richardsson                  | Selection in Drift Nets.   |
| 70            | Comparative Fishing Committee | J. Schärfe                         | Telemetering depth-meter for pelagic trawls.   |
| x) 68         | Comparative Fishing Committee | G. Klust                           | Changes in length of net twines by water.  |

C.M. 1956

|---------------|-------------------------------|----------------------------|---|
| 53            | Shellfish Committee           | E. Schmidt                 | Survey of Investigations on West Greenland Deep Sea Prawns.   |
| 81            | Salmon and Trout Committee    | I.W.Smith                  | Account of Work on Salmonid Diseases in Scotland, 1955-56.  |
| 52            | Plankton Committee            | E.Steemann Nielsen         | A method of measuring both gross and net production by the C-14 technique (No MS).  |
| 47            | Hydrographical Committee      | U.Stefánsson               | The Siglufjörður Section. Preliminary Report on Serial Chemical and Hydrographical Investigations.  |
| 32            | Salmon and Trout Committee    | Erich Tack                 | On the Extent, Characteristics and probable Causes of a dangerous recently-epidemic Disease of Rainbow Trout Stocks in the Pond Cultures of Germany and a few Neighbouring Countries. |
| 42            | Comparative Fishing Committee | A.I.Treshchev              | Stern trawling in the USSR.   |
| 59            | Near Northern Seas Committee  | R.S.Wimpenny               | Young Plaice Samples from the English Coast.  |
| 55            | Plankton                      | P.M.J.Woodhead & J.D.Riley | Separation of the sexes of Calanus finmarchicus in the fifth copepodite stage, with some comments on the sex-ratio in this stage.   |
| 61            | Herring Committee             | J.J.Zijlstra               | The catch per unit of effort of the Dutch Drift-net Fisheries in different regions of the North Sea in the period 1947-1955.  |
