

I have a poster presentation

I can travel to
Klaipėda and I will
participate in person

I can't travel

APRIL/
MAY

- Read the guidelines and advice for making a scientific poster.
- Register for in-person conference participation, sign up for excursions, conference dinner, and make your hotel reservation as soon as possible.

- Prepare your poster for online submission.

SEPTEMBER

- Download the *Uthova* app.
- Explore the conference programme on the app.
- Print your poster in **A0** portrait format.

- Register for access to the app, via the ICES website:
<https://www.ices.dk/events/asc/2025/Pages/Registration.aspx>
- Upload your poster to the app, for all registered participants to view.

DURING THE
CONFERENCE

- Bring your printed poster to the conference foyer area where it will be exhibited throughout the conference.
- Attend the poster session on Tuesday 16 September to present and discuss your work.
- Attend interesting theme sessions.
- Attend engaging networking sessions.
- Attend daily social events and excursions.
- Network during the breaks.

- If you have a friend or colleague travelling to the conference, you can ask them to bring your poster for exhibition. In that case please notify the ICES secretariat (ASCsupport@ices.dk).
- View other posters and video presentations on the app.
- Chat to other participants via the app. Ask questions, start conversations.

AFTER THE
CONFERENCE

- Keep the conversation going via the app for two weeks after the ASC.
- Watch Science legacy videos in ICES library

- Keep the conversation going via the app for two weeks after the ASC.
