

Monday 9 May 2016

Dragefjellet		Sydneshaugen
09:00	Opening Ceremony	
09:30	Hein Rune Skjoldal (Norway) <i>Calanus</i> species in the Arctic Mediterranean: from life history to ecosystem dynamics	
10:10	Stein Kaartvedt (Norway) Echosounders: Non-intrusive observations of the pelagic	
10:50	Tea/coffee break	
	Session 2 Response of zooplankton communities to changing ocean climate	Session 7 Zooplankton in high-latitude ecosystems
11:20	Introduction	Introduction
11:25	Erica Head (Canada)	Ksenia Kosobokova (Russia)
11:50	Anthony Richardson (Australia)	Bettina Meyer (Germany)
12:15	<i>S2 continues</i>	<i>S7 continues</i>
12:35	Lunch break	
14:00	Session 2 <i>continues</i>	Session 7 <i>continues</i>
15:40	Tea/coffee break	
16:10	Session 2 <i>continues</i>	Session 7 <i>continues</i>
17:50	End of day	End of day
19:00	Welcome Reception	

Tuesday 10 May 2016

	Dragefjellet	Sydneshaugen
09:00	Ruben Escribano (Chile) Does climate change matter for zooplankton production in upwelling systems?	
09:40	Sanae Chiba (Japan) Discovery of the new through scrutiny of the old: Odate Collection and future of zooplankton monitoring in the global observation initiatives	
10:20	Tea/coffee break	
10:50	Session 2 Response of zooplankton communities to changing ocean climate <i>continued</i>	Session 7 Zooplankton in high-latitude ecosystems <i>continued</i>
12:30	Lunch break	
14:00	Session 2 <i>continued</i>	Session 7 <i>continued</i>
15:40	End of session	End of session
15:40	Tea/coffee break	
	Session 1 Application of optical and acoustical methods in zooplankton studies	Session 3 The diversity and role of macrozooplankton in marine ecosystems
16:10	Introduction	Introduction
16:15	Egil Ona (Norway)	Peter Wiebe (USA)
16:40	Klas Ove Möller (Germany)	Lucas Brotz (Canada)
17:45	End of day	End of day
17:45	Poster session	

Wednesday 11 May 2016 Workshops

	Dragefjellet	Teatergaten	Hødden	Muselass	Galgebakken	Sydneshaugen	Tårnplass
09:00	Workshop 1 Use of zooplankton indicators to characterize state of pelagic ecosystems	Workshop 2 ICES/PICES cooperative research initiative: towards a global measurement of zooplankton production	Workshop 3 Zooplankton as a potential harvestable resource	Workshop 4 Effects of microplastics on zooplankton	Workshop 5 Zooplankton as the "to" in end-to-end models	Workshop 6 A hands-on introduction to time series analysis, visualization, and inter-comparison of plankton survey data	Workshop 7 Toward a taxonomically-comprehensive global reference database for DNA barcodes of marine zooplankton
10:20	Tea/coffee break						
10:50	Workshop 1 <i>continued</i>	Workshop 2 <i>continued</i>	Workshop 3 <i>continued</i>	Workshop 4 <i>continued</i>	Workshop 5 <i>continued</i>	Workshop 6 <i>continued</i>	Workshop 7 <i>continued</i>
12:30	Lunch break						
14:00	Excursions						
18:00	Poster Session						

Thursday 12 May 2016		
	Dragefjellet	Sydneshaugen
09:00	Eileen Hofmann (USA) Modeling Southern Ocean foodwebs - approaches and challenges	
09:40	Erica Goetze (USA) On the adaptive potential of marine zooplankton to global change	
10:20	Tea/coffee break	
10:50	Session 1 Application of optical and acoustical methods in zooplankton studies <i>continued</i>	Session 3 The diversity and role of macrozooplankton in marine ecosystems <i>continued</i>
12:30	Lunch break	
14:00	Session 1 <i>continued</i>	Session 3 <i>continued</i>
15:40	End of session	End of session
15:40	Tea/coffee break	
	Session 4 Zooplankton diversity in the oceans by integrative morphological and molecular techniques	Session 6 Individual level responses of zooplankton to environmental variability and climate change
16:10	Introduction	Introduction
16:15	Junya Hirai (Japan)	Jeffrey Runge (USA)
16:40	Naiara Rodriguez-Ezpeleta (Spain)	Josefin Titelman (Norway)
18:05	End of day	End of day
19:00	Symposium dinner, Scandic Bergen City	

Friday 13 May 2016

Friday 13 May 2016		
	Dragefjellet	Sydneshaugen
	Session 5 The role of microzooplankton in marine food webs	Session 8 New technologies and approaches in zooplankton trophic studies
09:00	Introduction	Introduction
09:05	Michael R. Landry (USA)	Edward G. Durbin (USA)
09:30	Hongbin Liu (China)	<i>S8 continues</i>
09:55	<i>S5 continues</i>	
10:35	Tea/coffee break	
11:05	<i>Session 5 continued</i>	<i>Session 8 continued</i>
12:45	End of session	End of session
12:45	Lunch break	
14:00	Session 4 Zooplankton diversity in the oceans by integrative morphological and molecular techniques <i>continued</i>	Session 6 Individual level responses of zooplankton to environmental variability and climate change <i>continued</i>
15:40	Tea/coffee break	
16:10-17:10	<i>Session 4 continued</i>	<i>Session 6 continued</i>
17:10	End of session	End of session
17:15-17:45	Closing Ceremony
