

ICES Science on Regional Sea Programmes

Chair: David Reid, Ireland

Harpa Conference Centre, Rima B

Agenda

Monday, 23 September 2013, 10:30–12:00

This session will deal with updates of current expert groups under SSGRSP with focus on cross-cutting benefits and sharing of expertise. New initiatives for EGs and Workshops in 2014 will be discussed, including new areas for integrated ecosystem assessments and introducing comparative analyses of ecosystems. The implications of the new ICES Science Plan for the running of the SSGRSP will be discussed.

- 1) Opening, introduction to work of SSGRSP 10:30
- 2) Adoption of the agenda, nomination of rapporteurs
- 3) Evaluate reports of expert groups and their scientific outputs, and capture significant issues or science products
- 4) EG update by chairs (~10 minutes each) 10:40
 - Study Group on Integration of Economics, Stock Assessment, and Fisheries Management (SGIMM)
 - ICES/HELCOM Working Group on Integrated Assessments of the Baltic Sea (WGIAB)
 - Working Group on Integrated Assessments of the North Sea (WGINOSE)
 - Working Group on the Northwest Atlantic Regional Sea (WGNARS)
 - Working Group on Ecosystem Assessment of Western European Shelf Seas (WGEAWESS)
 - Working Group on Large Marine Ecosystem Programme, Best Practices (WGLMEBP)
 - The Working Group on Comparative Analyses between European Atlantic and Mediterranean marine ecosystems to move towards an Ecosystem-based Approach to Fisheries (WGCOMEDA)
 - Workshop on Benchmarking Integrated Ecosystem Assessments (WKBEMIA)
 - Study Group on Spatial Analyses for the Baltic Sea (SGSPATIAL)
 - Workshop on Linking Contaminant Issues to Integrated Ecosystem Assessments (WKLINCON)
 - Working Group on the Integrated Assessments of the Norwegian Sea (WGINOR)
- 5) Ecosystem overviews WKECOVER
- 6) AOB

Closing

12:00
