Editors' Report 1967-1968

In the report last year, notice was given of the issue of sheets 111-113. During the current year the following sheets have been prepared.

114 Radiolaria - Acanthochiasmidae, by E. Bottazzi Massera and G. Nencini.

115-125 Tintinnoidea, by S.M. Marshall.

In addition revisions of some earlier sheets have been prepared - Sheets 5 and 6, Ostracoda now revised by Dr. E.M. Poulsen; Sheet 7, Appendicularia, revised by the original author, Dr. A. Bückmann.

No other manuscripts have been received during the year but promises of sheets not previously notified in the editors' report include the revision of Sheet 3, Cladocera, by Dr. B. Kimor, Haifa; Sheet 4, Harpacticoida by Dr. J.B. Wells, Aberdeen; a sheet on the trematode parasites of plankton by Dr. J. Rebecq, Rennes; and one on larval pteropods by Dr. C.M. Lalli, McGill.
