## Working Group on Social and Economic Dimensions of Aquaculture

Aquaculture Steering Group (ASG)

## RESEARCH FOCUS

- Identify social and economic trade-offs of aquaculture.
- Develop indicators to determine the social and economic effects of aquaculture.
- Assess trajectories and monitor emerging social and economic concerns of aquaculture.
- Explore governance and other social and economic interventions important for aquaculture development.

## OUR OBJECTIVE

Raise awareness of social aspects relevant to holistic management of aquaculture.

Provide frameworks and indicators that decision-makers could use to support the sustainable development of aquaculture.

## OUR EXPERTISE

- Combined expertise from 15 countries, expanding beyond ICES member countries.
- Transdisciplinary backgrounds covering natural and social sciences as well as humanities.
- Integrated perspectives from academia, government, and NGOs.
